

The handbook's vision, content organization, and easy-to-read style make it suitable as a special guidelines and source of information for students, teachers, interactive designers, heuristic evaluators, programmers, analysts, engineers, and general reader. It may also serve both as a reference handbook for researchers and ICTs specialists, and as a textbook.

The progressive development of man is vitally dependent on invention. It is the most important product of his creative brain.

Nikola Tesla (1856 – 1943)
